Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art references submitted with the February 10, 2004 Information Disclosure Statement do not show or suggest the present method for providing a freshly baked food product, wherein the method comprises the steps of freezing a plurality of dough based crusts, and storing the frozen crusts in a first location; freezing pizza toppings individually and separately from the crusts, and storing the frozen toppings separately from the plurality of crusts in a second location; assembling a frozen food product by applying the frozen toppings individually on at least one of the frozen crusts; and baking the frozen food product to produce the baked food product, wherein the baking step takes less time than for a dough crust that is frozen together with the toppings as set forth in claim 1.
